ABOUT US | 80 YEARS OF ITALIAN QUALITY

OUR HISTORY

Proudly a 100% family company based in Bergamo, Italy, Neolt Factory bases its uniqueness on the 80 years history of manufacturing, founded in 1941 by Ettore Pontiggia Neolt started to manufacture slide rules calculator, 20 years later the factory became the world leader of drawing table. During the 70's Neolt portfolio was improved by the introduction of different kind of office furniture, such as desks, chairs, drawing cabinets. During the first decades of XXI century Neolt focused this business on the graphic market through the production of printing and post printing machines.

SALES NETWORK

In over 80 years of history we have redesigned our global sales network several times, preserving and exploiting the strongest resellers and partners on specific product segments. The corporate restructuring process currently underway includes a major restructuring of the distribution network. Contact our Sales and Marketing office to find your nearest reseller. Send an email to: sales@neoltfactory.com

WHY BECOMING A NEOLT SALES PARTNER

Neolt's products are characterized by high solidity and precision, high resale value, high responsiveness to the needs of the customer and excellent price/performance ratio. This allows us to build value and remuneration for both end-users and our resellers and distributors. Want to become a Neolt reseller? Write to sales@neoltfactory.com

ROLL HOLDER 165

Max cutting 10 mm
Size 1650 mm

- ✓ Stand Roll holder, configurable up to 16 reels of 165cm (8 ready to use + 8 in stand by).
- ✓ Cutting system kit (optional) with bi-directional cutting head.
- ✓ Meter counter (optional)
- ✓ Easily moved stand on self-locking wheels.
- ✓ Order your materials in maximum security.
- ✓ Extractable and adjustable depth roll holders with double flange for fixing materials on supports.

STANDAR INCLUDED

- ☑ Steel working plane
- ☑ Blade holder carriage sliding on bearings.
- ☑ Rotary blade in hardened steel.
- ☑ Metallic parts varnished with epoxydic powder.

- ☑ The working plane is an epoxydic powder, with a serigraphy grid to ease the cutting in different formats and reference set-square.

Trim is the manual cutter for every need, robust, complete, with unique technical features and available in a wide range of cutting measures.

Thanks to the availability of sizes from 2 to 2,5 meters, Trim suits the business needs of small and medium digital print shops and service centers, in combination with large format inkjet printers or stand alone.

The cutting thickness up to 0,6 mm allows you to easily trim cardstock-weight, lightweight plastics, PVC banners and many other printed or non-printed materials.

POWER TRIM

Fixed blade in painted stainless steel, mounted on a reinforced cutting plane.
Stand and retrieval tray for trimmings included.
Complete with movable guide.

- ☑ Steel working plane t holder made of transparent plastic
- ☑ The working plane is an epoxydic powder, with a serigraphy grid to ease the cutting in different formats and reference set-square.
- ☑ Provided with lamp over cutting area.
- ☑ Fixed blade in painted stainless steel, mounted on a reinforced cutting plane.

Electro Trim electric cutter is the most popular cutter among small digital printers, service centers and design agencies who are looking for a practical, safe, comprehensive and intuitive system to cut printed papers, adhesives, PVC banners and other light substrates.

Electro Trim is equipped with a rotating blade cutting head in hardened steel, mounted on a sliding tube. The metal parts are painted with epoxy powder that guarantee high resistance to cuts and scratches. The standard model includes a stand for ground positioning with adjustable feet, the container for the collection of waste and a lamp that illuminates the cutting area.

ELECTRO POWER TRIM

Max cutting thickness 2 mm

Collection of trimmings: possibility of horizontal output at the back or into retrieval tray underneath.

XY MATIC TRIM PLUS

Cutting 1,2 mm
Size 1650 mm

Main features:

- ✓ LCD Touch Screen display with intuitive and easy-to-use software
- ✓ Auto-alignment
- ✓ Double sensor to read cross-marks
- ✓ Adjustable speed X & Y axis
- ✓ Excellent cutting area visibility
- ✓ Pneumatic Pinch Roll with silent compressor inside the machine
- ✓ Automatic waste collecting system
- ✓ Plug & Play
- ✓ Up to 10 vertical cutting units
- ✓ Double load reel
- ✓ Tower Light
- ✓ New alignment system of vertical cutting units
- ✓ Speed advancement: 1-50 m/minute
- ✓ Horizontal cutting speed: 1-150 m/minute
- ✓ Open cutting units (no paper jam)
- ✓ Monolithic machine structure
- ✓ Standard loading jumbo Roll 300mt
- ✓ Up to 20 customizable memories

LAYLAM

Working width up to 1650 mm
Laminating thickness up to 30 mm

The ultimate economical pneumatic laminator is finally available. Laylam technology range reduces the machine Setup and does not need to employ skilled personnel. Compared to the laminators with electric pressure technology. The possibility of error is actually Hot rollers 50c is already included, available also the 120c model. Laylam the perfect combination between price and italian manufacturing quality.

CODE: NL165LY - NL205LY - NL165LY/120 - NL205LY/120

PNEUMATIC LAMINATOR

MAIN FEATURES

Self-adaptive

The air pressure system with independent pistons adapts automatically to different thicknesses and to different materials often not completely flat. The rollers simply adapt to the media surface in real time.

Flexible

It is possible to pre-define the pressure to be applied to each media. Once you have placed the material it is always possible to adjust the pressure.

DATASHEET

- ✓ Dimensions: 215x45xh140 cm
- ✓ Max working width: 1650 mm.

- ✓ Compressed air: 6 Bar

The Neolam series has been completely revolutionized taking inspiration from the Shield laminator project.

In fact they are fully pneumatic equipped with silent compressor on board, the pneumatic pressure totally adjustable according to the materials, guarantees a constant pressure on the whole roll and reduces to zero any possible error.

The maximum lamination thickness of 50 mm allows great versatility on rigid materials.

The machine is also equipped with the auto function, in fact it can independently adjust the speed based on temperature variations, making perfect lamination possible even without an operator.

The touch screen control system makes the machine easy to use even for non-fully trained personnel.

NEOLAM H

From 0°C to 120°C
Size from 1650 mm to 2050 mm

Thanks to the availability of 165 and 205 cm versions, both with dual-hot and cold operation, the H-Series is designed to integrate the highest levels of productivity in the printing, packaging and industrial workflow, both stand-alone or in combination with high performance inkjet printers.

- ✓ Power: 400V 50/60Hz
- ✓ Power supply: 400V 50/60Hz
- ✓ Consumption: about 6 kW. plug CEE (red) 16A 3P+T 400V 50/60Hz
- ✓ Power supply: 220/240V 50/60Hz
- ✓ Consumption: about 7,5kW. 30A 2P+T

CODE: J100

NeoWeld is the series of pulse welding machines designed to meet the production needs of sign-makers and professionals in the digital printing, indoor/outdoor advertising and POS communication.

The welding pulse technology chosen for NeoWeld stands as a substantial alternative to the high-frequency, ultrasonic and hot air technologies, offering a number of indisputable advantages from the technical, operational, economical and dimensional point of view.

NeoWeld

- ✓ Heating length about: 2600 mm
- ✓ Heating width about: 25 mm
- ✓ Working pressure: 220 kg./cm.
- ✓ Electrode temperature: from 70° to 250° C.
- ✓ Air pressure: 7/8 Bar
- ✓ Dimensions: L3400 x P1300 x H1400mm.
- ✓ Machine Weight: 870 Kg. / 1918 Lbs.
- ✓ Height of work table: 1000 mm.
- ✓ Power: 400V 50/60Hz
- ✓ Power supply: 400V 50/60Hz
- ✓ Consumption: about 12 kW. plug CEE (red) 30A 3P+T
- ✓ Power supply: 220/240V 50/60Hz
- ✓ Consumption: about 14,4kW. 60A 2P+T

DRAWING CABINETS

409/A00

Metal cabinet with 5/10 drawers, modular in two or more overlapping bodies. Drawers designed for smaller sizes using plastic dividers.

409/A0

409/A1

DIMENSIONS	HEIGHT	WIDTH	DEPTH
409/A00	1105	1635	1150
409/A00 - 5/7 Drawers	690	1635	1150
409/A0	1150	1370	935
409/A0 - 5/7 Drawers	690	1370	935
409/A1	1105	1160	755
409/A1 - 5/7 Drawers	690	1160	755

409/A0

Available in two modular modules with 5 or 7 drawers

409/A00

Available in two modular modules with 5 or 7 drawers

409/A1

Available in two modular modules with 5 or 7 drawers

***POSSIBILITY OF CUSTOMIZABLE COLORS**

OPTIONAL

Dividing walls for configurable drawers.
